

Wireless Oakland Initiative Community Meeting

*To discuss Oakland's wireless broadband needs & opportunities
22 September 2008*

Wireless Oakland Initiative

Wireless Oakland Initiative

Goal: Conduct the necessary fact finding that will support the establishment of a sound vision for the deployment of an achievable and sustainable wireless broadband network

Objectives:

- Enhance economic development
- Improve public safety
- Increase the effectiveness of public, private, and nonprofit organizations through improved access to state of the art broadband wireless technology
- Help overcome the digital divide
- Improve quality of life for all Oaklanders
