The Gold Country Consortium Tahoe Basin Project (Tahoe Basin Project), organized by the Tahoe Prosperity Center, with the Sierra Economic Development Corporation as the fiscal agent, hereby submits its Comments in response to the **CPUC Draft Resolution T-17443 Implementation of the New Timelines for California Advanced Services Fund Applicants**.

The Tahoe Basin Project was approved on May 15, 2014 by the California Public Utility Commission (T-17440). The approval occurred after the deadline for submission of the Broadband Infrastructure Priority Areas (Priority Areas). As such, *the Tahoe Prosperity Center respectfully requests that the following areas be included as Priority Areas in Draft Resolution T-17443, Appendix 4: "Broadband Infrastructure Priority Areas"*.

These areas were chosen based on an initial review of the CPUC Broadband map, which shows these areas as underserved. Although the Tahoe Basin Project has been operating less than a month, we have already met with two ISP providers about providing service to these areas.

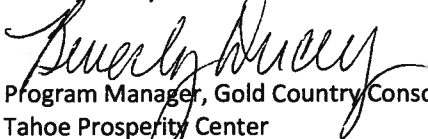

The purpose of the Tahoe Basin Project grant is to do an in-depth analysis of the region's broadband capabilities to determine all the unserved and underserved areas and assist in writing CASF Infrastructure grants for interested ISP providers. The Tahoe Prosperity Center believes many more areas within the Tahoe Basin will prove to be unserved or underserved, *so we also respectfully request that any additional areas are allowed to be added to Appendix 4: "Broadband Infrastructure Priority Areas", once the analysis is complete later this year.*
