

# Central Coast Broadband Consortium

Broadband infrastructure means jobs and  
economic development

Year 1

Year 2

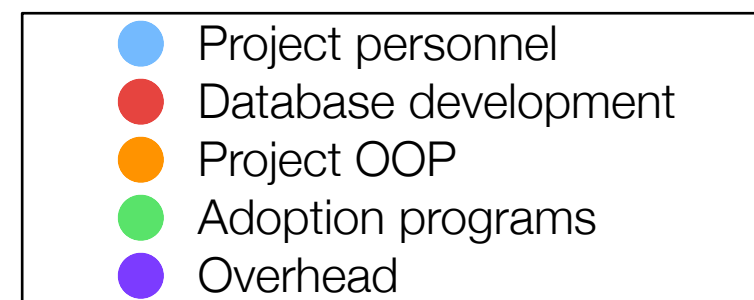

Year 3

000's

Core grant-funded budget  
\$150K per year

	Year 1	Year 2	Year 3	Total
CASF Consortia Grant	\$150,000	\$150,000	\$150,000	\$450,000
CASF summit travel supplement	\$10,000	\$10,000	\$10,000	\$30,000
CCBC member in-kind contributions	\$57,250	\$76,750	\$76,750	\$210,750
Total	\$217,250	\$236,750	\$236,750	\$690,750

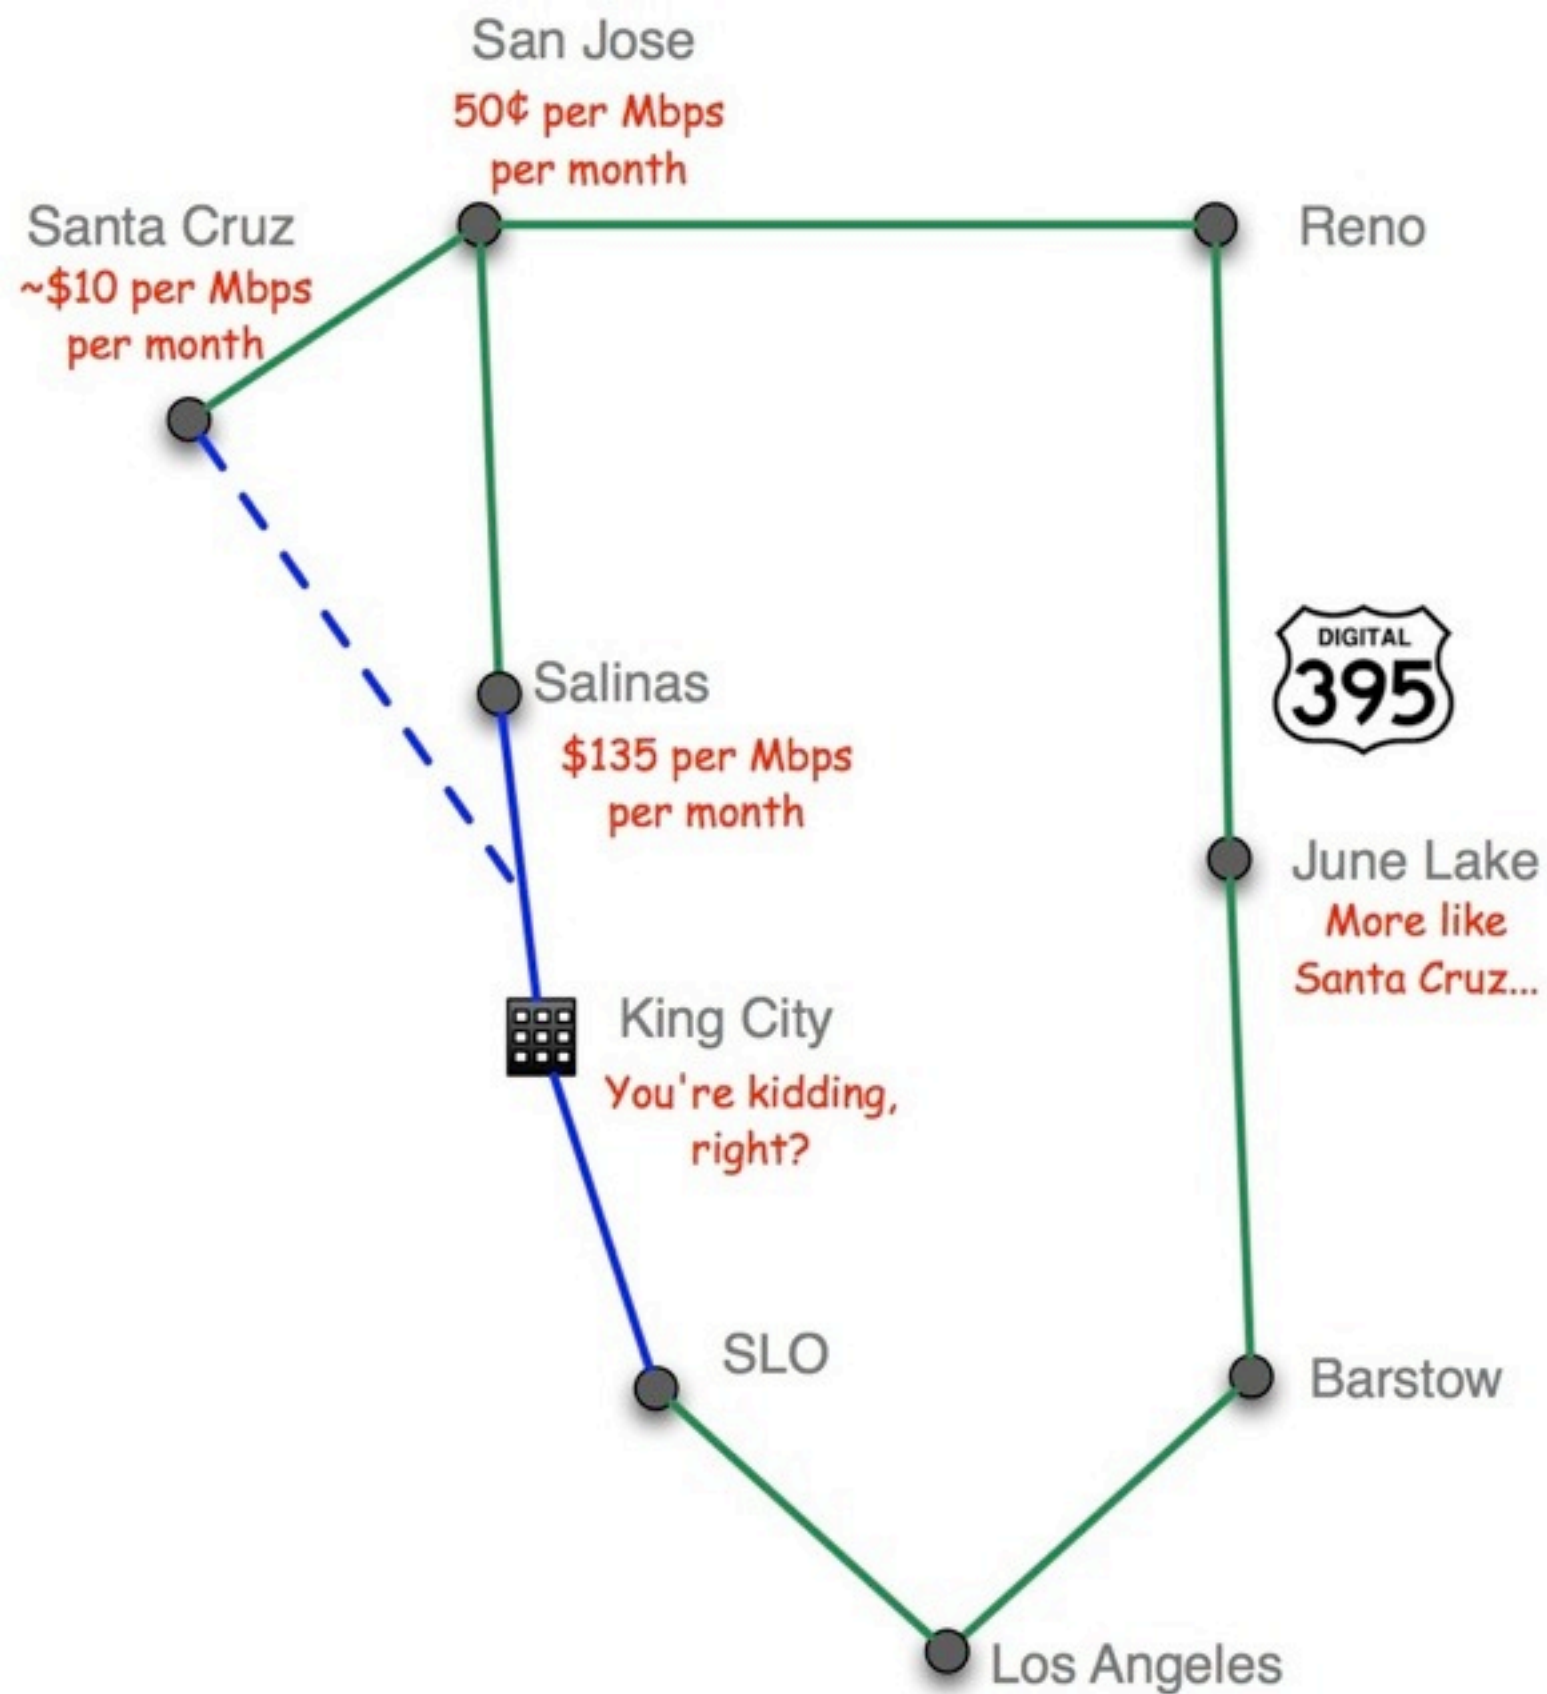

{Geek}

is the new  
Sexy

A tale of two cities

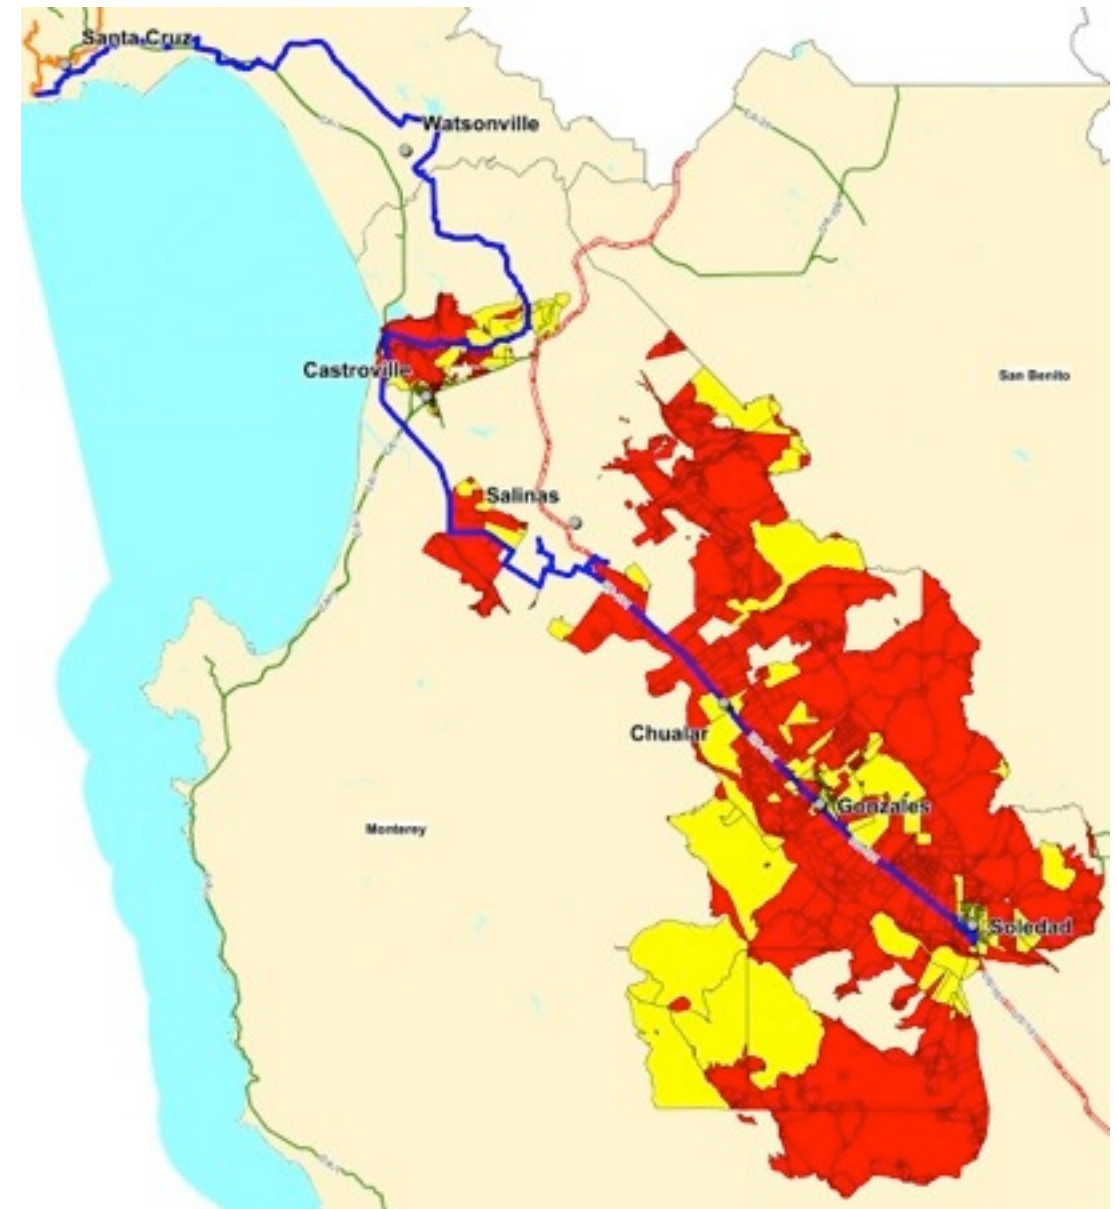

San Leandro & King City

Distance & location matter

UCSC project bringing fiber to  
Santa Cruz pays dividends

CCBC coordination,  
infrastructure inventory, policy

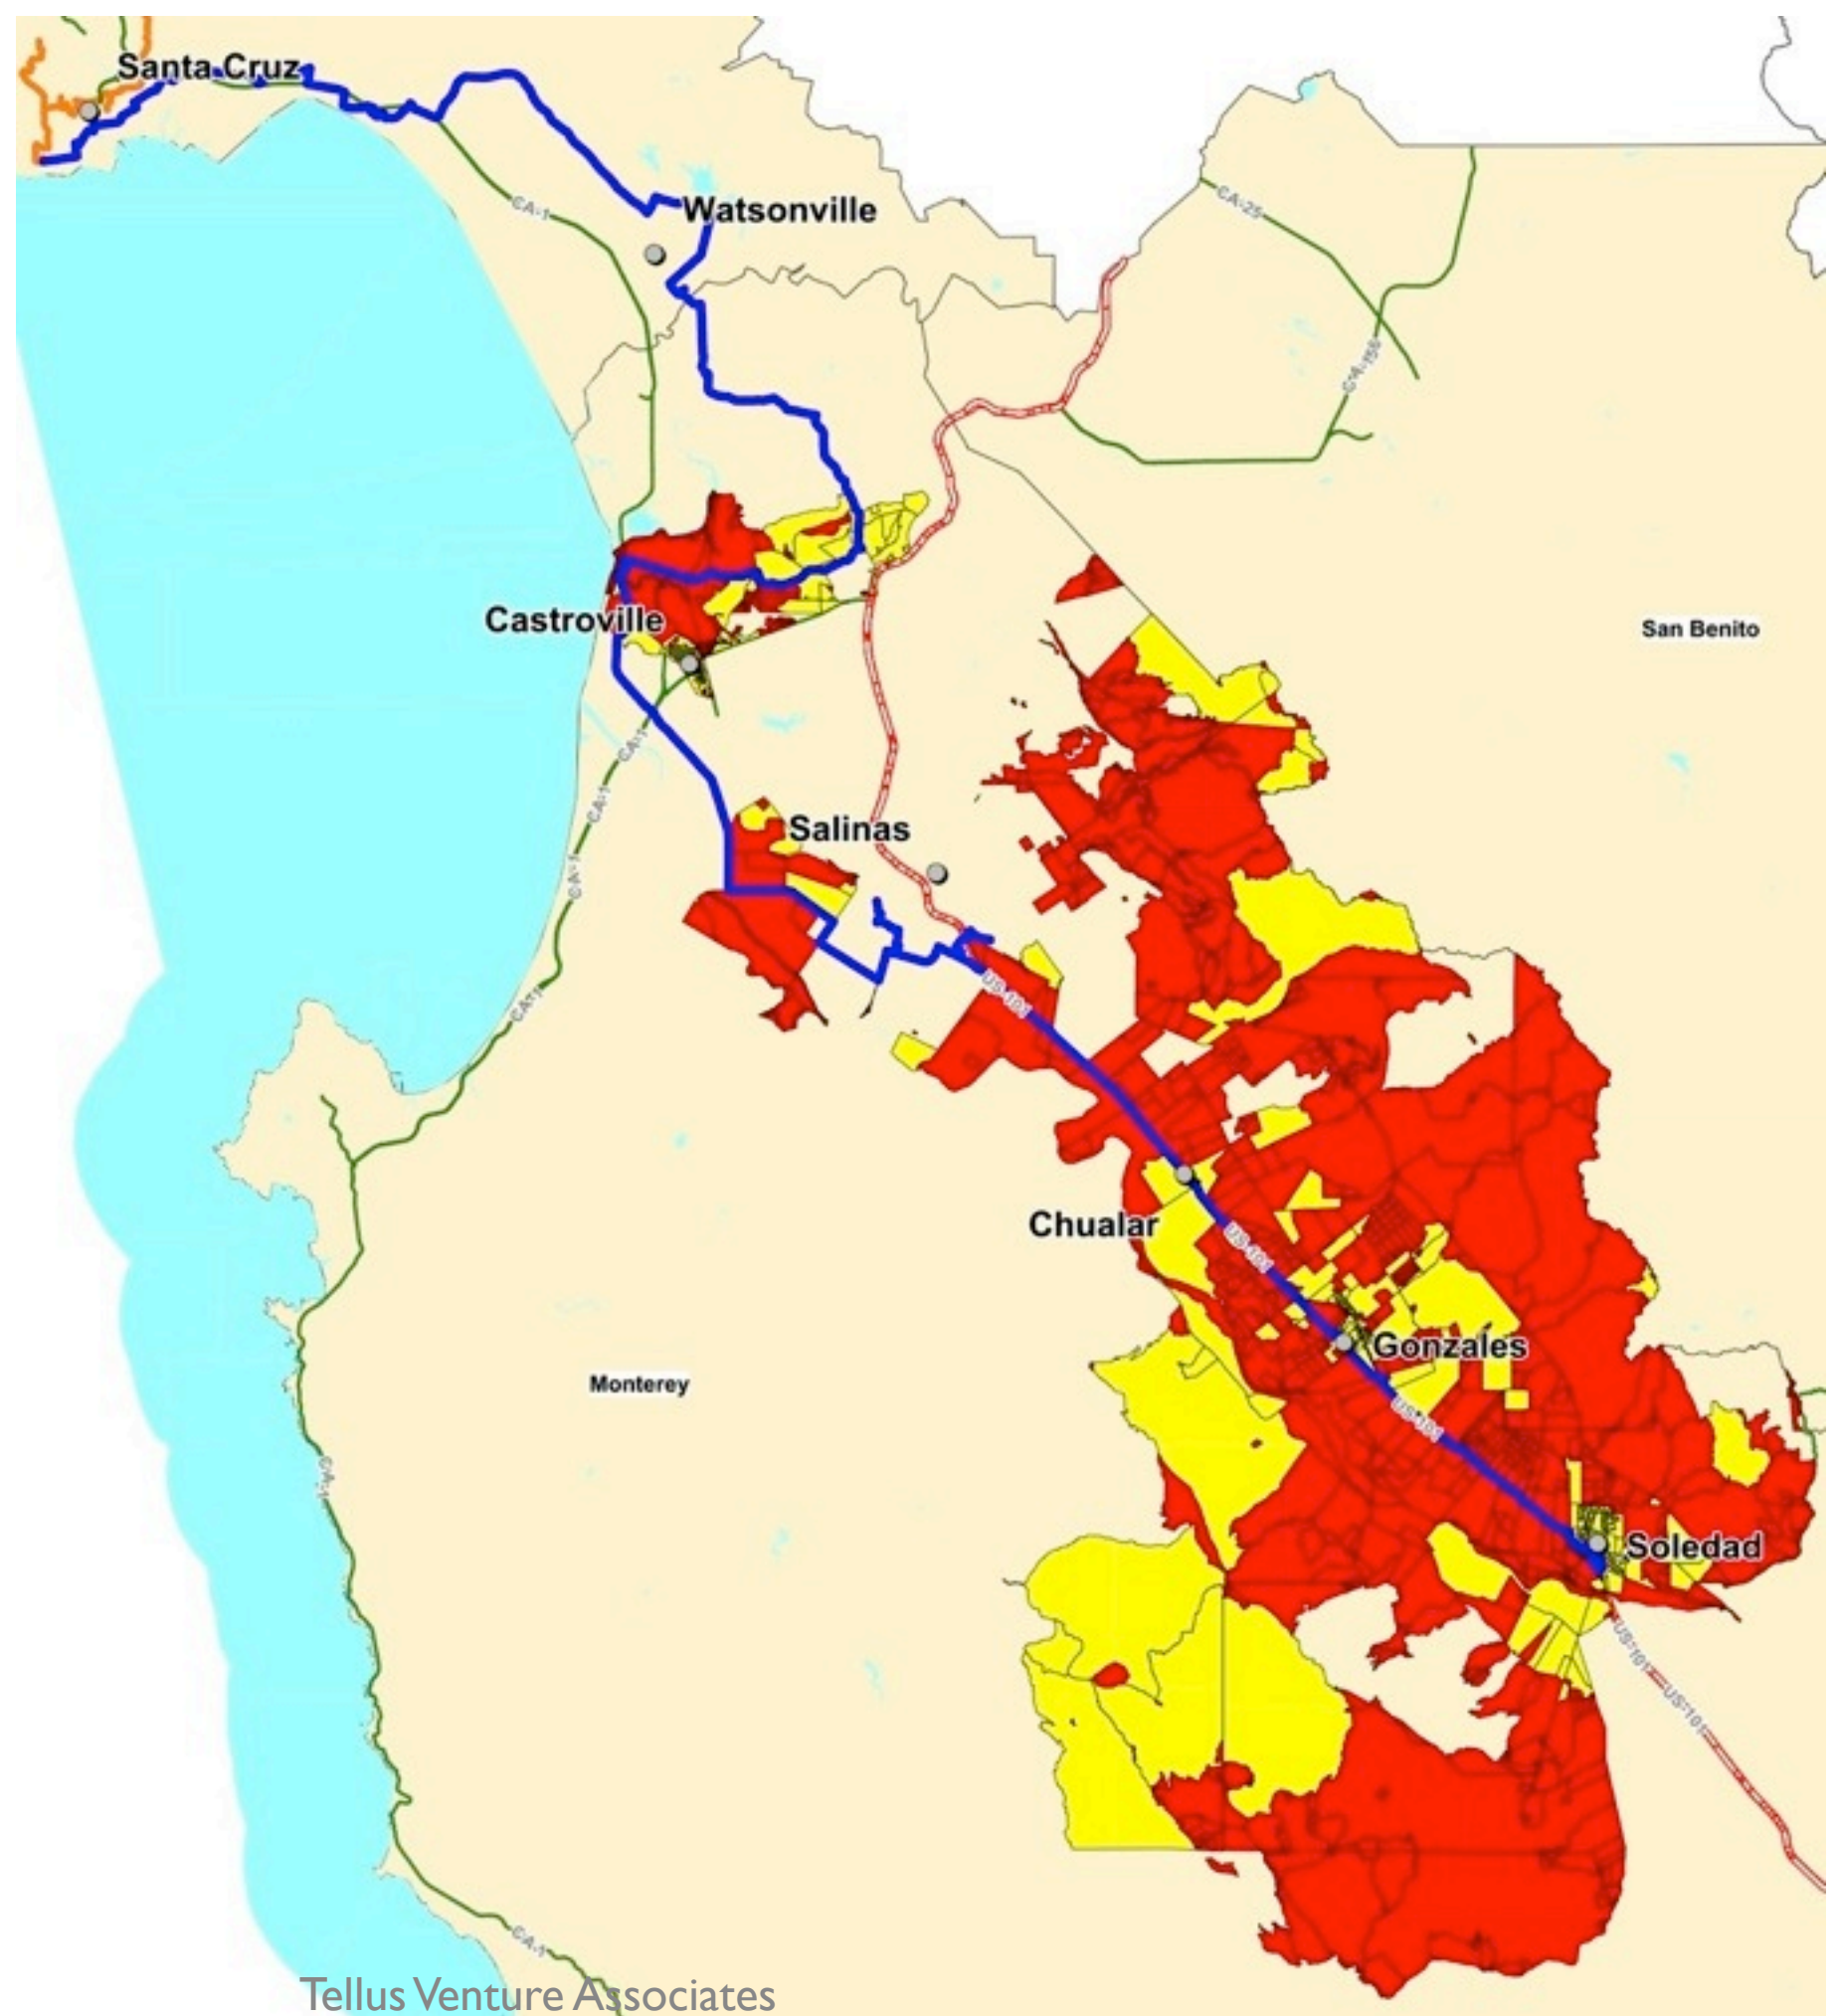

Used to develop CASF projects

# UCSC-led middle mile project

---

Industrial grade fiber  
route:

Santa Cruz -  
Watsonville -  
Castroville - Salinas -  
Chualar - Gonzales -  
Soledad

Five last mile projects for  
three counties

Surfnet in Santa Cruz &  
Monterey, Pinnacles Telephone  
in San Benito, Etheric wireless  
region-wide

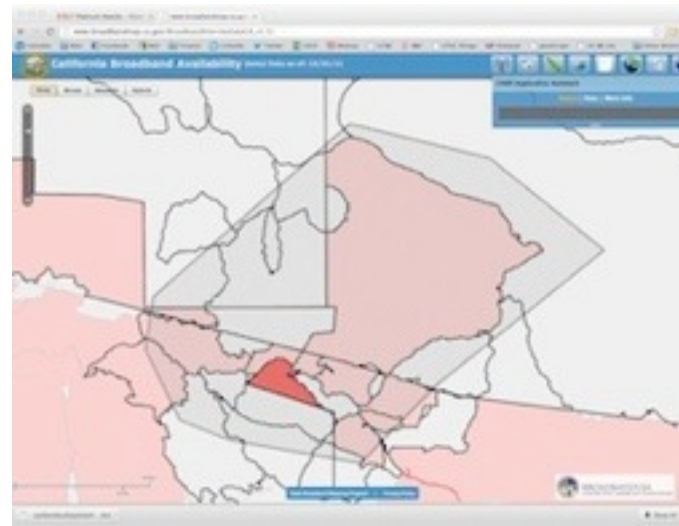

Broadband infrastructure is  
digging and rigging

It's not rocket science

Lit San Leandro venture investing \$3 million in fiber loop for industrial, commercial customers

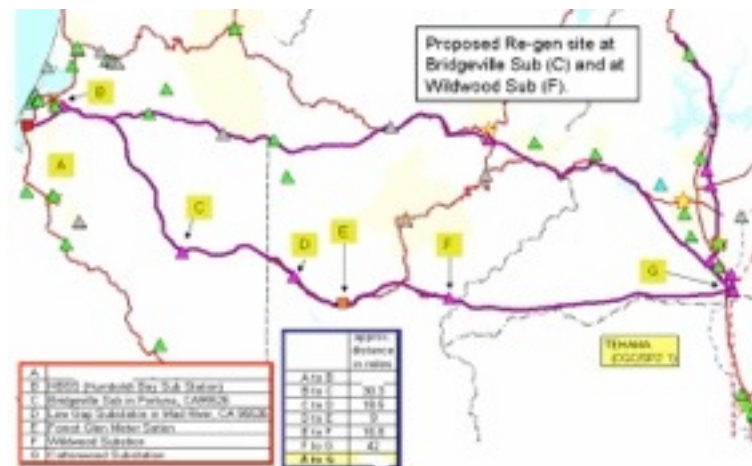

Rural telco builds fiber, wireless broadband links

Mountain ISPs look at FTTH & wireless service expansion

Private communities evaluate, partner on fiber systems

IP Networks, local groups partner on north coast fiber build

King City developer pursues major employer

# Private companies & communities are in it too

Building infrastructure where big incumbents won't

Cities of San Leandro, Palo Alto, Santa Clara in dark fiber business

City of Lompoc runs a wireless Internet utility

City of Folsom built a wireless backbone pilot project

Cities of Benicia, Brisbane lighting up industrial parks

Chattanooga building fiber to the home, offers Gigabit service

Central coast counties developing 300 mile fiber network

# Cities & counties are developing broadband

Willing to invest in infrastructure & partner with private companies

- Municipal fiber projects in San Leandro, Palo Alto, Benicia, Salinas, Oakland.
  - Municipal wireless projects in Los Angeles, Oakland, Folsom, Lompoc.
  - Broadband policy development in Watsonville, Alameda, Morgan Hill
  - Community broadband system planning and implementation at The Villages in San Jose, Rancho Murieta near Sacramento, Corona.
  - Private ISP planning & funding in Monterey, Santa Cruz, San Benito, Nevada Counties.
- 

Planning, management and business development  
consulting for community broadband
