**WC Docket No. 15-44**

**Comments/Petitions Due: April 13, 2015**

Frontier Communications Corporation (Frontier) and Verizon Communications Inc. (Verizon) (together, Applicants) filed a series of applications<sup>1</sup> pursuant to sections 214 and 310(d) of the Communications Act of 1934, as amended (Act),<sup>2</sup> seeking approval for various assignments and the transfer of control of licenses and authorizations held by Verizon's wholly-owned subsidiaries in California, Florida, and Texas to Frontier.

Verizon's operating subsidiaries, Verizon California Inc. (Verizon California), Verizon Florida LLC (Verizon Florida), and GTE Southwest Incorporated d/b/a Verizon Southwest (Verizon Texas) (together, the Transferring Companies) provide incumbent local exchange carrier (LEC), long distance, retail broadband, and video services in portions of their respective states.<sup>3</sup> Applicants state that these operations include approximately 3.7 million voice connections, 2.2 million broadband (DSL and FiOS) connections, and 1.2 million FiOS video connections.<sup>4</sup>

<sup>1</sup> See *Verizon Communications Inc. and Frontier Communications Corporation Application for Consent to Partially Assign and Transfer Control of Authority to Provide Global Facilities-Based and Global Resale International Telecommunications Services and Transfer Control of Domestic Common Carrier Transmission Lines, Pursuant to Section 214 of the Communications Act of 1934, as Amended*, WC Docket No. 15-44 (filed Feb. 24, 2015) (Application). Applicants filed a supplement to the Application on March 6, 2015. Letter from Jennifer L. Kostyu, Counsel to Frontier, to Marlene H. Dortch, Secretary, FCC, WC Docket No. 15-44 (filed March 6, 2015) (Frontier March 6, 2015 *Ex Parte* Letter).

<sup>2</sup> 47 U.S.C. §§ 214, 310(d).

<sup>3</sup> Application, Exh. 1 (Description of the Parties, Description of the Transaction, Public Interest Statement, Administrative Matters) at 9.

<sup>4</sup> Applicants state that the proposed transaction does not involve any mobile wireless operations, and Verizon Wireless will continue to provide services in California, Florida, and Texas. *Id.* at 9, n.16.

Frontier, a publicly traded Delaware corporation, provides telecommunications and broadband services, including local and long distance voice, broadband data, and video, through its wholly-owned operating companies.<sup>5</sup> It currently serves approximately 4 million customers and has 2.3 million broadband customers in 28 states in predominantly rural areas and small and medium sized cities.<sup>6</sup> Applicants state that no individual or company owns or controls ten percent or more of Frontier's stock.<sup>7</sup> Applicants state that Frontier's Petrolia, Coleville, and Grimes exchanges in California are adjacent to Verizon's Whitethorn, Bridgeport, and Knights Landing exchanges, respectively.<sup>8</sup>

On February 5, 2015, Frontier and Verizon entered into a Securities Purchase Agreement (Agreement).<sup>9</sup> Pursuant to the terms of the Agreement, Verizon will create Newco as a wholly-owned subsidiary.<sup>10</sup> Prior to closing, the ownership interests of the Transferring Companies will be moved to Newco so that they will become wholly-owned, direct subsidiaries of Newco.<sup>11</sup> Frontier will then purchase all of the ownership interests of Newco.<sup>12</sup> Upon completion of the proposed transaction, Newco will become a wholly-owned, direct subsidiary of Frontier and, accordingly, the Transferring Companies will become wholly-owned, indirect subsidiaries of Frontier.<sup>13</sup> In addition, certain voice long distance customers of Verizon Long Distance LLC will be assigned to Frontier Communications of America, Inc.<sup>14</sup> Applicants state that these customers represent primarily originating switched long distance traffic initiating from the local exchanges in California, Florida, and Texas that are a part of the proposed transaction.<sup>15</sup>

Applicants assert that the proposed transaction is in the public interest. They maintain that Frontier's focus on wireline investment will improve service for all customers, including in rural areas.<sup>16</sup> Applicants state that they currently provide no overlapping services and claim that the proposed transaction will not result in a reduction of competition in any market.<sup>17</sup> They further assert that Frontier is qualified to serve Verizon's customer base, that the transaction will increase competition, and that it
