

## **Citizens Consortium Agreement**

Citizens Consortium consist of Citizens Telephone Cooperative, Inc. (Citizens) (Applicant) & Ntera, LLC (Ntera) for the purpose of bidding in FCC Auction 904 (RDOF)

Due to ownerships issues (Citizens owns 50% of Ntera) the FCC requires the parties to conduct a single application.

Both parties are interested in areas that are contingent with their existing service areas (or close to the areas) and have a community interest.

If successful in the auction the areas will be split as indicted in the above statements.
